Re: Permitting in the Fisher Creek Area, Box Elder County, Utah

Dear Mr. Feller:

It has been brought to our attention that you have purchased a portion of Utah Building Stone Supply's Fisher Creek property which is located in the SW1/4 of Section 8, Township 13 North, Range 13 West, Box Elder County, Utah (BLM claim # UMC 361374 - Glacial Green #1). Currently there are 3.27 acres of disturbance involved with this portion of Utah Building Stone Supply's site.

Enclosed is a Notice of Intention to Conduct Small Mining Operations form (MR-SMO). Prior to removing any stone or performing any mining related activity at this site, you will need to complete the MR-SMO form, submit it to this office and receive a letter stating the form is complete. The Utah Mined Land Reclamation Rules allow 15 days for the Division to review a SMO. As this property is located on federally managed lands, you will also need to meet the Bureau of Land Management requirements and receive their approval prior to any mining activity taking place.

Thank you for complying with the Utah Mined Land Reclamation Act. If you have any questions regarding this letter, please contact me at (801) 538-5310.

Sincerely,

Lynn Kunzler  
Senior Reclamation Specialist
